

Solution Scenarios

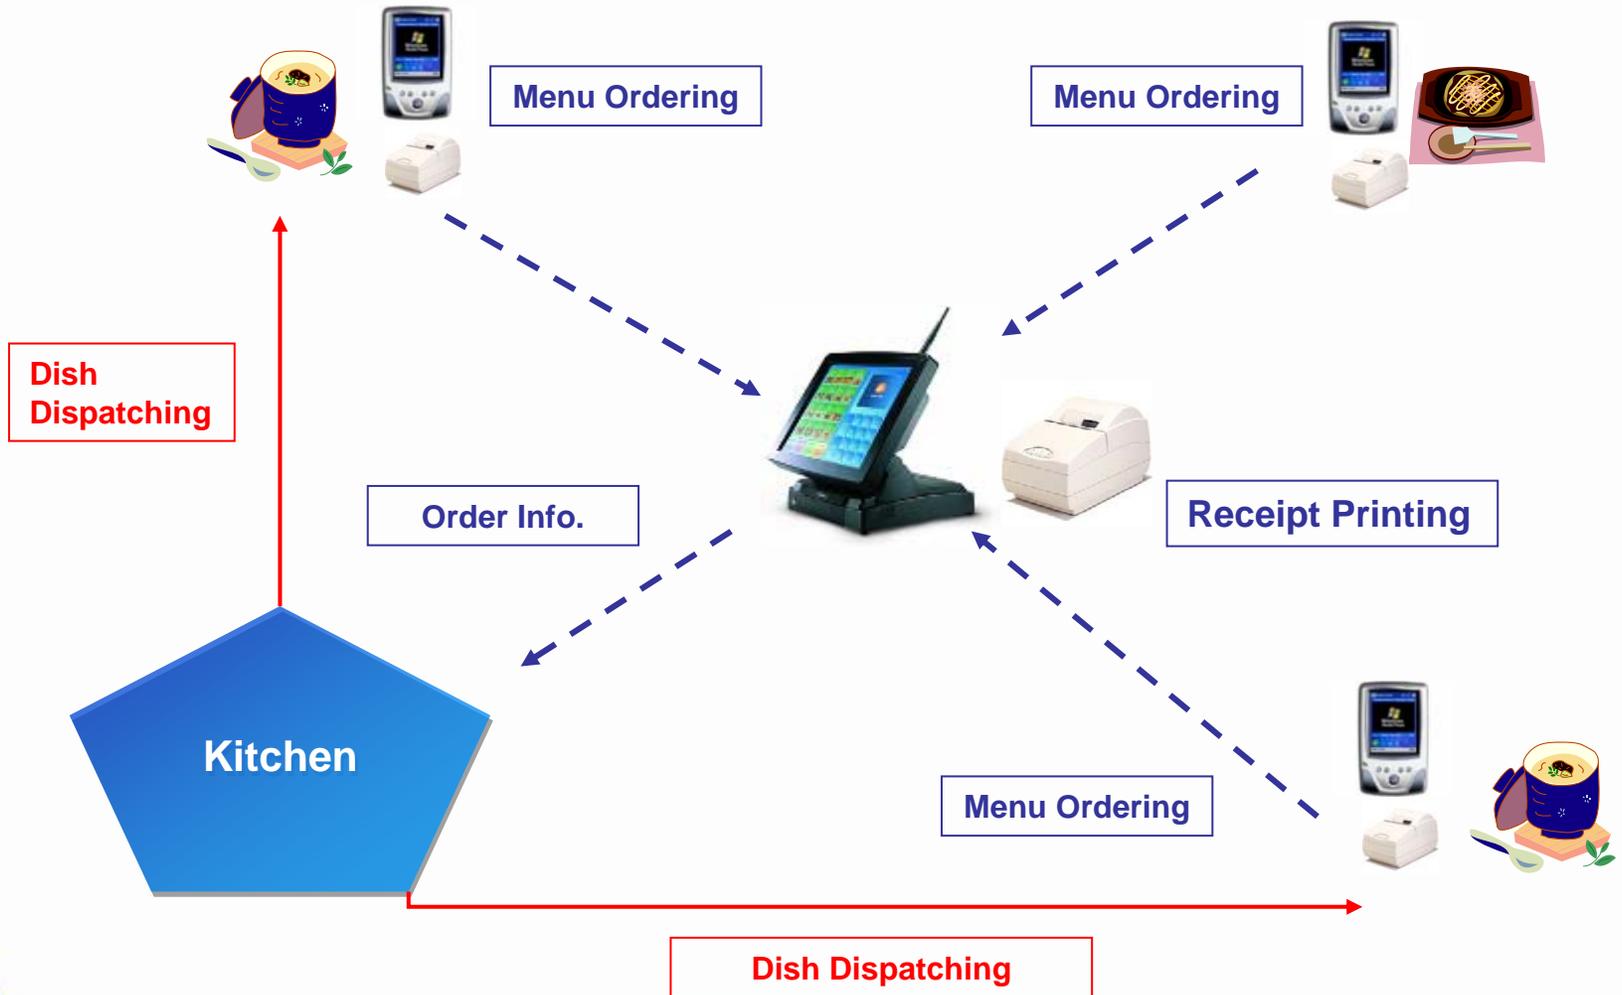

Security POS Solution

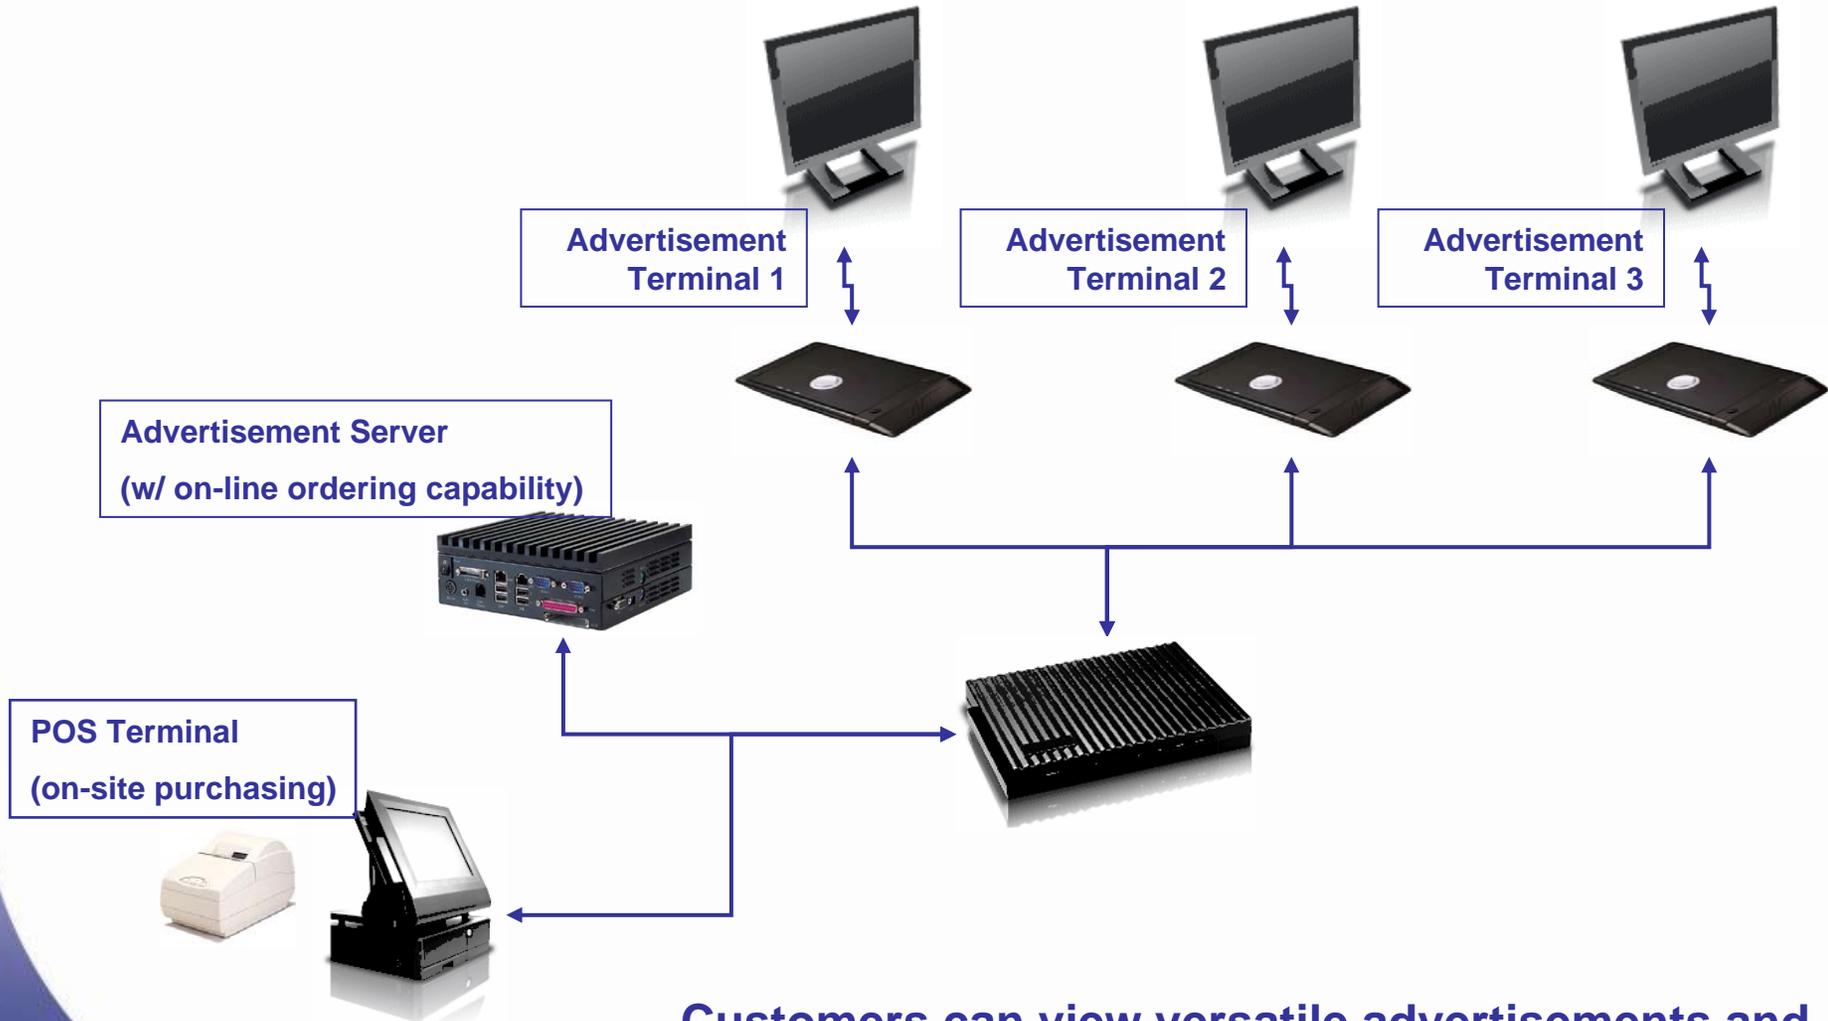

Budget POS Solution

Mobile/Handheld POS Solution

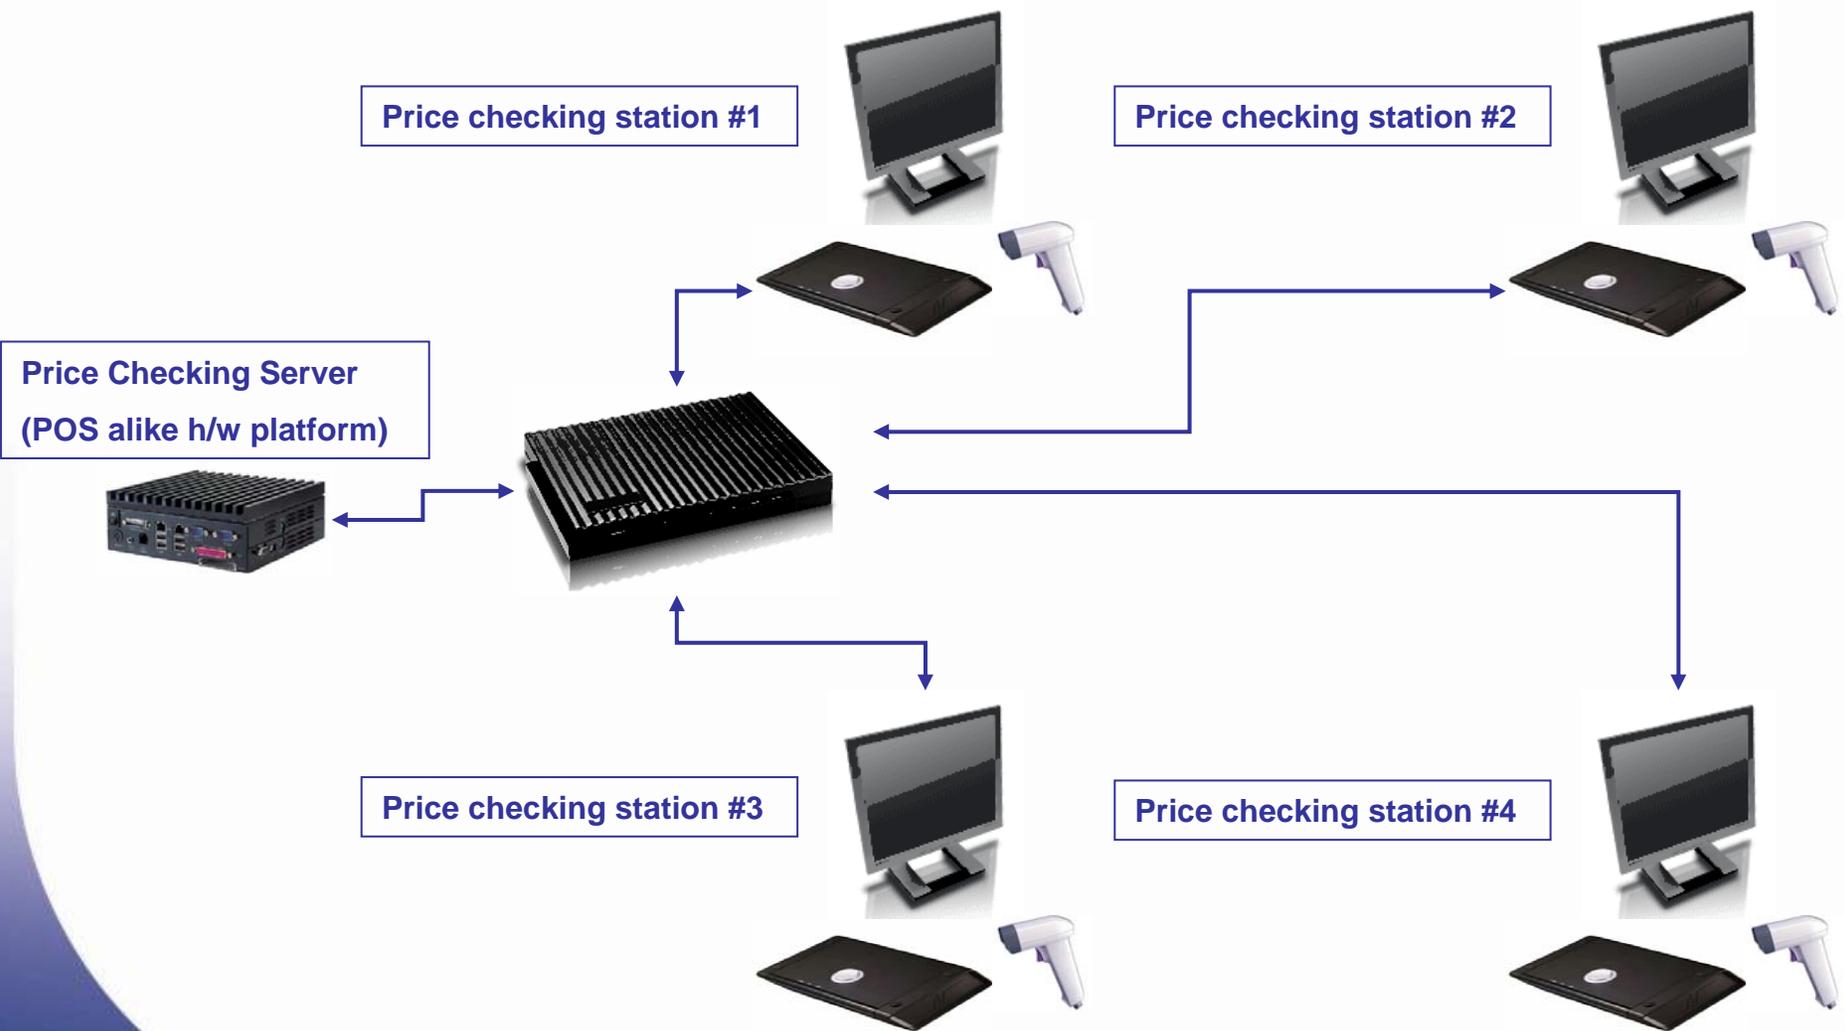

Advertising Solution

Customers can view versatile advertisements and purchase/order products at once.

Price Checking Solution

Transportation Solution

Ex: On the train

The POS server/terminal have to be anti-vibration, power friendly and heat-proof. In the example illustrated here, travelers can pay and order their meal/service from the POS terminal in their individual cabin. And in the kitchen or central cabin, all the orders will be collected and fulfilled effectively and efficiently.

Crossing inventory check + Learning solution
